Benefits of installing with Magic Pavers, powered by DRiBOND®:

- Cost Efficient
- No Concrete Removal/Demo
- Quick Application
- Minimal Preparation Time
- Environmentally Friendly
- Prevents Paver Settling*
- No Long Term Repairs
- Inhibits Mold/Grass/Weeds
- Reduces Installation Time

Let us work our magic!

Let our Magic Pavers installation team, using our revolutionary product, DRiBOND®^(R), an incredibly strong and durable bonding agent, show you how we can transform over existing concrete in your parking lot, walkway, sidewalk, porch, patio, hotel pool deck, high-traffic businesses, and more.

By working with the Magic Pavers installation team, you no longer have to demolish thousands of square feet of existing concrete and shut down the business for weeks during the remodel. Magic Pavers can install thin pavers, travertine, marble, porcelain tile, natural or shells stone, directly over their existing concrete surfaces using DRiBOND®^(R). It will dramatically improve your property's overall appearance and curb side appeal. In most cases, it can be done in a fraction of the time and for far less cost than a conventional paver installation.

Contact Magic Pavers for a [free proposal](#) and to see how we can transform any of your existing concrete surfaces.

DRiBOND Concrete Overlay Solutions is operating as DBA Magic Pavers.
PATENTS: 9,790,650, 9,885,157, 10,294,159, 10,550,039, 11,001,526, D829932, D829931

*based on sound substrate and proper installation. Wait 24-hours for foot traffic and 48-hours for vehicular traffic.
