- Quick Application
- Minimal Preparation Time
- Environmentally Friendly
- Prevents Paver Settling\*
- No Long Term Repairs
- Inhibits Mold/Grass/Weeds
- Reduces Installation Time

## **Let us work our magic!**

With a Magic Pavers installation using our revolutionary product called DRiBOND<sup>(R)</sup>, customers now have the ability to transform existing concrete on their pool and pool deck into a hardscape masterpiece within a few days. Concrete pool decks take a lot of abuse from foot traffic and harsh weather conditions. Installing thin pavers, natural or shell stone, marble, travertine or porcelain tile over existing concrete will beautify and increase the durability of your existing landscape.

Below are some of the many benefits you will enjoy following your Magic Pavers overlay installation:

- Elimination of cracks, weeds, and crumbling cement.
- Elimination of low spots and uneven surfaces, giving a stronger finish.
- Elimination of sand wash-out and prevention of mold and mildew.

***Get ready to host your most memorable pool party, after we give your pool and pool deck a beautiful makeover.***
